Re: NSTAR Electric Energy Efficiency Annual Report for 2000

Dear Secretary Cottrell and Commissioner O'Connor:

On behalf of Boston Edison Company, Cambridge Electric Light Company and Commonwealth Electric Company ("NSTAR Electric" or the "Companies"), please find a revision to Table 1A of the NSTAR Electric Energy Efficiency Annual Report for 2000 filed with the Department of Telecommunications and Energy (the "DTE") and the Division of Energy Resources (the "DOER") on November 1, 2001. This revision is also being submitted electronically by e-mail to Gene Fry, DTE and Julie Michals, DOER.

This filing today revises Table 1A for each of the Companies in order to reflect a correction to Column C entitled 'plus Spillover'. Additionally, for Energy Star Lighting only, Column E was adjusted to take into account line losses properly. The revised values in Table 1A are italicized.

Should you have any questions or comments regarding these revised tables, please do not hesitate to contact me directly at (781) 441-8701.

Sincerely yours,

Lisa M. Carloni  
Director, Energy Efficiency
